

Introduction

Case- C

- Name- Rajes Kanojiya , Aged- 20 years approx.
- Father name - Sohanlal
- He traced HIV+ when he was donating the blood in camp.
- The person was HIV+ve but not sick or not into AIDS stage he request to give therapy on 15/7/01 approx.
- He bring CD4 & HIV Viral Load Report, we decide that report as Parameter, in which CD4=601, CD4/CD8 = 0.41 and Viral Load=21121 reported.
- After 4 months of therapy make Re-investigation, in which CD4 cell =1504 pml CD4/Cd8 = 0.98 and viral load reported as 4534 copies pml.
- This is the un breakable record of improvement in HIV+ve.

PATIENT NAME RAJESH KANOJIYA

ACCESSION NO. 002AK020086 AGE 23 Years SEX Male DATE OF BIRTH PATIENT ID

CLINICAL INFORMATION

Viral Load Reduce = $21171 - 4534 = 16637$
 CD4 increased = $1504 - 601 = 903$

TEST REPORT STATUS FINAL

RESULTS

| | IN RANGE | OUT OF RANGE | REFERENCE RANGE | UNITS |
|----------------------------|----------|--------------|-----------------|---------------|
| HIV MONITOR | | | | |
| 1. HIV VIRAL LOAD : | | | | |
| HIV-1 RNA PCR-ULTRAQNT | | 4534 | H 0 - 20 | copy/mL |
| 2. LYMPHOCYTE ENUMERATION: | | | | |
| WHITE BLOOD CELL COUNT | 10900 | | 4000 - 11000 | / μ L |
| PLATELETS | - | 112 | L 150 - 400 | THOU/ μ L |
| TOTAL LYMPHS (% OF WBC) | 30 | | 20 - 40 | % |
| CD4 (HELPER/INDUCER) | 46 | | 29 - 59 | % |
| ABSOLUTE CD4 COUNT | 1504 | | 290 - 2600 | / μ L |
| CD8 (CYTOTOX/SUPPRESS) | 47 | | 19 - 48 | % |
| ABSOLUTE CD8 COUNT | 1537 | | 190 - 2120 | / μ L |
| CD4/CD8 RATIO | 0.98 | | 0.6 - 2.8 | |

Cd4/CD8 ratio increase 2.40 times

[903 = un-breakable World Record]

Extract

- The initial CD4 Count will be as more as, the result of therapy will gain more better. The Basic CD4 = 601 increase upto 1504 into 4 months. the rate of increase-ment is more than 200 CD4 cells per month. it is a un-breakable records.
- The Medicine direct approach to bone marrow cells and the bone marrow increase immune system directly.
- The CD4/CD8 ratio also become more than 2 times [from 0.41 to 0.98], it means the medicine has Viral-Cidal [Curetive] effect for HIV.
- The Reduction in HIV Viral Load from 21,117 to 4,534 is also directly indicating that Medicine has viral-cidal nature or effect.

No doubt. We are runing in right Path & Right Dircetion
